

Establish Accountability!!!!

Here are some statistics from the American Society of Training & Development.

The probability of completing a goal if:

- you hear an idea: 10%
- decide when you will do it: 40%
- plan how you will do it: 50%
- commit to someone else you will do it,; 65%
- have a specific accountability appointment with
The person you've committed to: 95%

You more than double the likelihood of completing a goal if you move from deciding to do it to committing to report back to someone on your progress.

Let me help you reach your goals!
